

## Armony

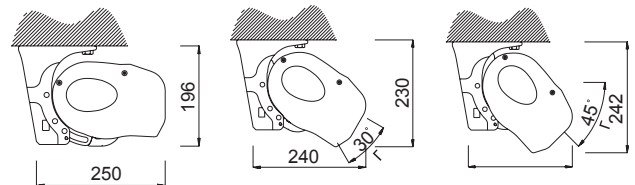

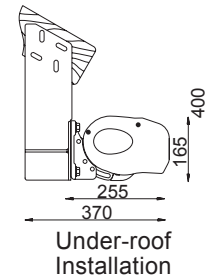

**ARMONY** is a fully cassetted folding arms awning on intermediate positions brackets with double covered cable or stainless steel chain arms.

The maximum recommended dimensions are 60cm width and 360cm projection with a  $\varnothing$  80mm roller tube. The awning is modular and the width can be extended by adding more profiles. As an option you also have a system of regulation with an external screw, a junction kit and an internal balance support.
